Agreement with Syndetic Solutions, an R.R. Bowker company

January 31st, 2005

An agency agreement between Eloquent Systems and Syndetic Solutions, an R.R. Bowker company, gives Eloquent customers an automatic link into a database of enriched content for millions of titles. When searching an Eloquent OPAC database the title detail now includes an image of the book, video, or DVD as well as a link to many of the following:

- Summaries
- Fiction Profiles
- Biography Profiles
- Author Notes
- 1st Chapter
- Excerpts
- Table of Contents
- Book Reviews

Over 1,800,000 books, videos, and DVDs published since 1985 are included in the OPAC enrichment database. Content is updated weekly with current information for public, academic, school, and special libraries. Customer may make single payment to cover the Eloquent WebLibrary annual support and the subscription to Syndetic Solutions.

See this rich content in this sample record from our school library.

The screenshot shows a web browser window with the URL <http://gencat1.eloquent-systems.com/webcat/request/Action?SystemName=School+Library&Username=Pu>. The browser's address bar and menu bar are visible. The main content area displays a library record for the book "Norris McWhirter's book of millennium records : the story of human achievement in the last 2000 years". The record includes the following details:
